

# To the patients to be hospitalized due to COVID-19

<English version>

Please check this page for information regarding the hospitalization procedure, visits, things to prepare, and so on. This differs from the general contents on the homepage, so please refer to the following.

## Hospitalization procedure

1. If you are contacted by the hospital, please check the contents on this page and prepare the things that are necessary for hospitalization.

(Estimated period of hospitalization: 6-10 days from the day on which symptoms appear or the day after positivity has been confirmed)

We will contact you again after the first phone call. At that time, we will ask you the following questions, so please prepare.

• How you will come to the hospital • Car number

2. After arriving at the hospital's outpatient car park, before entering the hospital, please call (in your car) "059-232-2531". Please state that "I am OO and I am scheduled to be hospitalized due to COVID-19."

The person in charge will meet you at your car, so please stay where you are and wait. They will arrive in about 10 minutes,

But if you are unwell, please say so.

3. First, we will take your insurance card and infants' medical expenses claimant card (for children).

## About visits

1. Visits are prohibited. Please contact those attending to you using your mobile phone.

2. If a family member wishes to pass something to you, the hospital will assist them.

You will receive a detailed explanation regarding the method of delivery at the time of hospitalization.
